JULY MEETING

DEMONSTRATOR: Steve Cook

BIO: Steve Cook discovered woodturning after moving to Savannah, Georgia twenty years ago. He became passionate about this art which led him to become an integral member of the Low Country Turners. For several past years, he has held the leadership role of president of this club.

Steve shares his wood turning talents with the community in hopes to inspire current and future wood turners. He does this through hands on demonstrations at local elementary schools, turning instruction at his shop (*Coastal Wood Design*), teaching classes at John Campbell Folk School and demonstrations at Southern States Woodturning Symposium. In addition, he has done rotations in the youth rooms at the American Association of Woodturning at the Pittsburgh and Atlanta symposiums. Steve has a continuing relationship with Savannah College of Art and Design. He helps students develop their turning skills for their industrial design and furniture projects. Steve enjoys the teaching process of working with beginners, as well as, experienced turners.

DEMONSTRATION: Steve Cook of Savannah is our scheduled demonstrator for the month of July. Steve will be demonstrating candle holders as well as some finishing techniques

Ramblings from the President

Bert Nagy, President 2017

I am sitting in my cabin in Yellowstone Park writing this message to you. Laura and I left 2 weeks ago, and will be gone until mid July. Unfortunately I will not be at the July meeting.

This trip has shown me how bountiful an area we are fortunate live in. The trees here are mostly pine with some birch and cottonwoods. There are vast areas with no trees at all. I do not think woodturning would be as good as we have it.

This is a busy time coming up for woodturners. In September the Southern Turning Symposium will take place in Dalton. In October, we have the Georgia State Fair. The fair is an opportunity to showcase your talents for all of Georgia to see.

November 2, 3 and 4 is Marketplace. It is approaching quickly This is our major fundraiser for the club and the scholarship program. I urge you to starting working on items for us to sell at marketplace. We do have items from last year, but we need many more pieces.

Good turning
Bert Nagy

JUNE MEETING

DEMONSTRATOR: Mark Gardner

DEMONSTRATION: For the demo, Mark turned a piece of what appeared to be a cherry blank between centers using a spindle roughing gouge. He then shaped the form into what was to become a hollow vessel. The objective of the demo was to show how to hollow a vessel without having to resort to using hollowing tools and then hiding the joint created by the hollowing process. After shaping the vessel, he chose a place to part the roughed vessel which had tenons for chucking on both ends. After parting, Mark used a bowl gouge to hollow each half. He then rejoined the two halves. The intriguing part of the demo is to hide the joint line with some type of embellishment such as a textured band or other decoration. He further demonstrated how to fashion handles on the top of the vessel. Much of this work was performed by hand using the lathe as a holding device.

A good demo at CWT with 35 members present.

WORKSHOP: During the course of the workshop, Mark demonstrated and lectured on many types of embellishment and methods to apply those embellishments that can be applied to turned art creations. Applied correctly, the many forms of embellishment enhance the appeal of what we are creating. Following the discussion on the applications of various embellishment, Mark described some of the tools used, as well as demonstrated their operation. He brought two or more engravers for us to try. The power carver seems to be a very creative tool and we were able to use the tools that Mark brought to the workshop. There were several of those that we were able to try. Among them were models from Ryobi, Freedom and Automach. It was a fun and informative workshop attended by CWT members Carolyn Adams, Susan Shortman, David Martin, Chuck Wharton, Bert Nagy and Ron Grindle.

GEORGIA NATIONAL FAIR OCTOBER 5-15, 2017

It's time to start thinking about the Georgia National Fair in Perry. This will be the 10th year that the woodturners of Georgia have had a huge display of woodturning at the fair in the air-conditioned fine arts building. All the woodturning clubs throughout the state promote this exhibit and there will be over 100 entries from woodturners all over Georgia.

Besides the opportunity to display your work for a very large audience, there are two other reasons you ought to consider entering your work. First, you can sell it without paying any commission. Secondly, over \$3,000 in prize money is awarded to the entered woodturnings. Glenn Lucas from Ireland will be the woodturning judge this year. Our club, and most of the other large clubs in the state, contributes \$200 each year toward the prize money. The reason we do this is to encourage turners to participate, so that we have one of the best woodturning exhibits you can see anywhere in Georgia.

This display is seen by the over 500,000 people that go to the Fair each year. This is a major opportunity to expose the public to the many facets and capabilities of woodturning. And we don't want to waste this opportunity to connect with the general public and promote woodturning. To make the most of this opportunity for woodturning education we have volunteer docents at the woodturning exhibit that talk to people viewing the exhibit and answer questions about woodturning. We also hand out ballots so visitors can vote for the Peoples' Choice awards. For those visitors that are interested in attending a woodturning meeting, we will give them contact information to their closest club. Did you know that we currently have 17 woodturning clubs in the state.

So, think about participating in the Fair this year if you have not done so in the past. You can enter up to 3 pieces in each of 6 different categories. All the rules for entering pieces in the exhibit are shown at <http://georgianationalfair.com/wp-content/uploads/2017/06/2017-Wood-Turning.pdf> Registration of your pieces will cost \$10 per piece and must be done with an accompanying picture by September 1st.

And if you would like to work at the exhibit as a volunteer docent and get into the Fair for free, contact Nicolaas Deal at ndeal@middlegeorgiawoodturners.com 478 471-6464. There may even be an opportunity to turn at the Fair, as I did last year. Contact Phil Hargrove at susanbphilh@pstel.net 478 550-8199 for more information.

Re-Sources of Interest

- For those of you with a PM3520, check out <http://mustardmonster.weebly.com/> for great tips such as making your own moveable remote safety cut off switch. This is great device when you are hollowing and working on the inside of a bowl. You can make this for a few bucks compared to more than \$100 to buy one from Powermatic.
- Here is a link to a great sharpening video by Doug Thompson, maker of Thompson tools: <http://www.youtube.com/watch?v=ZOc6giDP39A#t=29>

- **ROCKLER:** Most of us would rather just shop online rather than driving to Sandy Springs to get a discount. I spend over three hours a day in my car coming and going so I know the frustrations in getting to our store, but keep in mind that we stock several things instore that you will never see on our website. However, if you enjoy letting the Big Brown Truck bring you packages then I would like to extend the following offer:

Spend over \$100 and we'll ship for FREE! (excludes power tools)

I would like to personally thank your group for the continued support of woodturning in our state and local community. If there is anything we at Rockler can do to support you all, please feel free to contact myself.

Sincerely, Jeff Slaton
