The President's Turn

Dear Members,

One of our Board Members, Paul Proffitt, our Web Master came up with a great idea: "**Collaboration**". Please read the article in this Newsletter. This could be fun and greatly help the Club through the Christmas Raffle.

The five new CWT lathes for training, are complete and ready to use. I put the last two stands together and bolted all lathes to the stands the Friday of the Southern States Symposium. The SSS was great again this year – just couldn't resist buying more wood.

We need new or used tools for the new lathes. If you would like to donate toward new tool(s) or have used tools to donate -- please send me an email.

albertus@alltel.net

How many of you are going to the AAW Symposium in Richmond, June 20-22? Please email me if you are going: albertus@alltel.net

Jack Morse is presenting the Art of Sanding & Finishing, May 13th. I believe this makes the difference in "great turnings"!! Lets get psyched up ! Yall come....

Saturday, May 17th, from 9:30am to 2:00pm Bob Black & Frank Bowers are offering free training to any Members of our Chapter. Call Bob now and join us 770-271-8871. Frank can teach any of us many tricks of the trade!

Best regards,
Dan Albertus, President

Upcoming Demonstrations

- | | |
|-------------------------|--|
| June 10 th | Doug Barnes (NC) - Multi axis platters. Texturing with a 16d nail. |
| July 8 th | Bruce Bell-Australian professional woodturner, topic TBA |
| August 12 th | Eclectic turning turned up a notch |

WE NEED YOUR STUFF!

Have you started turning a piece, stopped and **can't get started again?**

Do you have a log or blank and **can't decide where to start?**

Do you have a piece that you completed, but **it just isn't what you thought it would be?**

If you answered 'yes' to any of these then you have something to contribute to the new Chattahoochee Woodturners Collaboration Project.

Beginning in May 2008 the Chattahoochee Woodturners started a voluntary collaboration project. The objectives are simple.

- Improve our turning skills
- Share ideas on all aspects of turning, texturing and finishing
- Have fun

The process is easy.

- Bring a piece to share and drop it off in the designated collaborative collection.
- Select any piece from the collaborative collection that inspires you to make it different, better or just to try something new.
- Bring your piece back to the collaborative collection and share what you did and "what made you think of that".

Southern States Symposium

This Gainesville symposium which was held from Friday, April 25th through Sunday, April 27th was a great success even though attendance was down somewhat from last year. The auction Saturday night raised over \$8,000 for woodturning education.

AAW National Symposium

Remember the annual symposium of the American Association of Woodturners will be June 20-22 in Richmond, VA. To register go to www.woodturner.org. Volunteers are also needed. If interested in helping contact inquiries@woodturner.org.

Georgia National Fair

October 2nd through 12th, 2008, Perry, GA
Check out www.georgiawoodworkers.com and the Chattahoochee Woodturners web site for detailed information on this upcoming opportunity to display to the rest of the world what woodturning is all about. We'll have more information in this newsletter in the next couple of months.

We Need Your Stuff!

Participation is totally voluntary.
There are no set timeframes.
There are no requirements or expectations.

SO, BRING SOMETHING TO SHARE!

I am volunteering to be the coordinator on this project. Please see the web site at ChattahoocheeWoodturners.com for more information and answers to some frequently asked questions.

Phil Brennon Raffle

A drawing will be held to raise funds for a past president and AAW workhorse and champion, Phil Brennon. Phil is now a quadriplegic who is in need of major health and financial support - many of his friends in the AAW want to help.

Fund raising raffle tickets can be purchased by calling or mailing the AAW office and on the Internet. Tickets will also be on sale at the Richmond symposium. The raffle prizes are:

1. Powermatic 3520B lathe - donated by the WMH Tool Group
2. Jet 1014 mini lathe - donated by the WMH Tool Group
3. Oneway Stronghold 4-jaw chuck □ donated by Arizona Silhouette

We will be discussing some ways our chapter might want to get involved in the worthy project. To read about the entire story and to buy raffle tickets, go to the AAW website: <http://woodturner.org/raffle/>
Here is a chance to win a lathe or chuck and help a good woodturning friend.

Membership

Let's bring a friend, relative, or neighbor to our next meeting. The more dues paying members we have, the better demonstrators we can bring in, the better the information transfer, the better and larger the raffles, etc. Please forward this newsletter to anyone you think might be interested in turning wood. Then give me his/her e-mail address and I will add them to our monthly mailing. You do not need to be a member to receive our newsletter.

Also, please notify Theron Rogers, Secretary, if any of your membership information changes, address, zip, e-mail address, phone, etc. Theron takes pictures of each new member for our web site. If your picture is not on the web site contact Theron at the meeting and he'll take your picture.

Join or renew you membership on-line at:

Video Library - Recent additions:

48 **"Turned Bowls Made Easy"** with Bill Grumbine: Running time:135 minutes, Excellent DVD for the beginner but contains many tips and idea for all levels. Bill shows steps from chainsawing a log to finishing a bowl. He explains how to chose where to cut the bowl blank from the log, bandsawing the blank, mounting the wood on the lath, tool choice,turning techniques, and finishing. Also, there is a session on tool sharpening. Do's and don't are given through out each topic and the camera close-ups are excellent.

49 **"Woodturning Projects # 1"** with Rex & Kip Running time: 87 minutes, Fast pace turning projects are: wall clock, Christmas ornament, spinning top, turning a green (wet) bowl, bud vase, and curly fries from potatoes.

50 **"Woodturning Projects # 2"** with Rex & Kip Running time: 88 minutes, Fast pace turning projects are: hour glass, toothpick holder, stick pen, carving mallet, wooden egg, and peppermill

51 **"Turning Projects"** with Richard Raffan Running time: 90 minutes. Raffan instructs on 12 projects with tips and techniques in this excellent DVD. The projects include mallets, hollow vessels, spheres, small bowls, and more.

52 **" Beyond The Basic Bowl"** with Bill Grumbine Running time: 100 minutes, This DVD contains more advance turning projects than our # 48 DVD. With detailed instruction and tips through out, the DVD includes how to turn a natural edge bowl, winged bowl, and how to get three bowls from one blank.

Is there someone in our membership that can copy VHS tape to DVD's and would volunteer to take on this project? The CWT library has several tapes that are aging and should be converted to DVD's before the tapes are no longer useable. The DVD is the media of choice by most everyone so our tapes are becoming obsolete. Please contact Andy Smith, CWT Librarian, if you can help us.
